Nitro Thinner

PRODUCT CODE

PRODUCT NAME

PRODUCT

Nitro Thinner (30002 - 30006) is thinner for nitro-cellulose paint. *Seles Nitro Thinner* has balanced formulation, specific for washing spray guns and cleaning car body tools. In addition to this it is a good anti-bleaching thinner for mixing base coats and low quality anti-rusting coats and for all general uses.

METHOD OF USE

Mix the paint until the you reach the best viscosity for the chosen application. It should be thicker for brush and more liquid for spray use. Generally between 10 and 20% approximately, except different indication printed on the can.

TECHNICAL DATA OF NITRO THINNER

| Property | Value and UM | Method | Tolerance |
|------------------------------|---|-------------------------|-----------|
| Product | Nitro Thinner | NA | |
| Basic material | Solvent partially based on pure raw materials | NA | |
| Physical State | Liquid | Visual | // |
| Specific density (20°C), DIN | 0,836 kg/litre | Picnometre and analytic | ± 0,05 |
| Index of refraction to 20°C | 1,400 IR | Refractometre of Abbe | ± 0,05 |
| Colours (standard) | Limpid Colourless | Visual | // |
| Packaging (Litre) | Cans of 1 L (30002), 5 L (30003), 25 L (30005), Drum 200 L (30006) | | |

* Due to the wide range of applications for nitro thinner testing product before use is always advisable!
